Dear Wallace -

Please enter me

about ¹ Homogenia
Carpenter's
Lane a - ~~Cott's~~ later

pamphlet - and say that

Penella has claimed

as ~~the~~ her correspondence

with John W. that

Carpenter endorses

Radonistic practices

& ~~the~~ claims that with

himself; to be con-
sidered in the same
sense. Mason has

heard from some one

who printed who ~~was~~
~~the~~ interprets
~~the~~ ~~carpenter~~ carpenter
on Beards has done.
~~the same way~~. I

say the charge is in-
ferrible of justification.

I have never seen the
pamphlet spoken of.

Ever,

If you cannot I would
send me a

copy of the book -
proving the substance of
~~some~~ some points that may
have given rise to the just suspicion.
